**AGENDA**

On March 18, 2020 Governor Whitmer signed into effect Executive Order 2020-15. In an effort to reduce the spread of COVID-19 by limiting the number of people at public gatherings, this order suspends the rules and procedures for governmental entities requiring physical presence at meetings and hearings, and it temporarily alters the rights of the public to be present at meetings.

As permitted by Executive Order 2020-15, for the reasons stated therein and the current public health concerns posed by gatherings of people, the Business Development Team of the Grand Traverse County Parks and Recreation Commission will meet remotely until further notice. Remote participation by the public is encouraged. The meeting will be made available to the public through the following means:

Hello Kris,

I am writing to you to inquire about the Meyer property(sic?). Child and Family Services YouthWork Industries program is interested in discussing a proposal, or writing a proposal to the County Park & Rec department to putting together a long term lease for the use of the property. We would be interested in housing our YouthWork program there for long term. We would work to develop the property into a teaching farm, construct a building that would have a classroom for teaching and training our AmeriCorps members, a wood shop, commercial kitchen, storage for our equipment, and offices. We We could pay the going rate for the rent on the house and also perhaps find work trade opportunities on county parklands with YouthWork Conservation Corps.

Once the the current tenants lease ended we would utilize the existing home on the property to house our AmeriCorps Vistas or members. We would work the county to come up with a plan and funding to remediate the existing asbestos so that the barn and out building could be used. we would work with county to ensure public access as we improved the site.

I can write a full proposal to you if there is an interest in pursuing this idea. Please let me know what you think and what I should do next. Take care and stay healthy.

Hi Kris,

I'm following up per our conversation on 5/4/20. It is my hope that this proposal meets with the approval of the BDT and/or the Parks Board.

These are certainly interesting times. Due to the continued shut down, the future is a little unsure. We do know that most of the instructors upon which Crystal Bindi's schedule was based will not be returning. A lot of students are currently unemployed and simply will not have the extra money to spend on classes once we reopen. Many people are in the same boat and will be adjusting to a new normal.

I have a very loyal following, and would like to continue to teach them what I personally offer. Rather than find another studio to teach in, I would prefer to continue to give my money to Parks. I will not be able to sustain a full schedule as things stand. But I am a problem solver, and I have a proposal that might benefit us both.

The space already exists as a source of income for Parks. I am proposing that continue, with me as a renter. But, not as an exclusive renter. I propose to rent at a daily rate, one to two days per week once we are allowed to reopen. To keep the low daily rate I currently enjoy, I can continue to clean the foyer and bathrooms upstairs once per week as an in-kind donation.

Parks can then rent out the space to other entities for smaller meetings or classes, ie business meetings, etc.

Perhaps the Senior Center could use it for overflow events and programming?

The space would make an excellent bridal room. It is heated and has mirrors and a private bathroom, with ample room for bridesmaids to get dressed as well. Parks could upsell that as an add-on purchase with upstairs rental.

Since Parks has already invested the time to clean the room out so that it could be made into rentable space, and Crystal Bindi has invested the effort to transform the space, it just makes sense that we continue to support each other in a way that is mutually beneficial.

Sincerely,  
Penny

It is with much regret that we have to officially inform you that we have cancelled the baseball season. As we looked at all of our options we felt there is still too much unknown about covid 19 , social distancing, and what the world of youth sports will look like moving forward . For the safety of all concerned parties we regrettably came to our decision.

We look forward to a great 2021 season.

On another note, since we were in the first year of a three year contract can we just change the language so the three years begins in 2021 ? I figured it will save us a year in doing another contract.

Thanks to you Kris and the Parks and Recreation board for doing all they could this year to help get the youth out playing sports and we look forward to our continued partnership .
