PRESS RELEASE  
March 24, 2015

Renee Huckle-John and Steven Sulz were charged in separate warrants with attempted murder and conspiracy to commit murder of a patient receiving treatment at Munson Medical Center in Traverse City. Both the Traverse City Police Department and Traverse Area Narcotics Team are investigating the case.

It is alleged in the complaints that on March 18, 2015, Huckle-John and Sulz conspired to inject the patient with a potentially lethal dose of the narcotic drug fentanyl. In addition, the two face charges of delivery of a controlled substance, fentanyl, and conspiracy to deliver fentanyl. It is important to note that these are allegations only, and that both Huckle-John and Sulz are presumed to be innocent unless and until proven guilty beyond a reasonable doubt.

An arraignment is scheduled for today at 1:30 pm before the Honorable Thomas J. Phillips, District Court Judge.
