Subject: Computer Classes Begin at Senior Center

Beginning Wednesday, January 8, the Senior Center Network at 801 E. Front Street will offer a series of computer classes beginning with the basics. Building from there, the Network will offer Microsoft Word, Internet and Email classes.

Nancy Gonzalez will guide participants through 2 hour classes and provide a take home manual. Gonzalez is a retired Systems and Procedures Specialist who received an Associate Degree in Applied Arts, Computer Graphics and Web Design from Lansing Community College. "I enjoy training seniors how to use computers as it empowers them and opens up more means of communication to them," says Nancy Gonzalez, instructor.

Registration and payment is required in advance - \$25 for network members and \$40 for non-members. Participants are welcome to bring their laptops or use the desktop computers in the lab. For full schedule, visit the Senior Center or check out www.gtoca.org. Questions? Call 231-922-4911.
